

June / July DIG Report

On average we have 8-10 members present, plus this month we had a visitor from Jim Butler. We had two apologies.

June meeting we had a show od panorama pictures, I gave a demo of how easy Microsoft digital image suit helps do join a panorama.

July meeting we saw some lovely pictures of winter scenes. We had a discussion for next month and Jennie has agreed to ask Jan Baily to come along and critique our work. The theme for August is letterboxes, so get out and about because there are some wonderful ones around.

Happy shooting

Maureen
