COURSE DETAILS A/Z	DATES	DAY/TIME	COST	TUTOR
Android Devices, Introduction A comprehensive course for Android tablet and phone users. You will learn how to set up basic systems, find your way around the different screens and tool bars, plus how to use some popular Apps, email and Internet. Bring your own Android Device	2nd, 9th, 16th August	Friday 12noon-2 3 weeks	\$15 members \$30 non-members	Mary Dowell 03 528 8600 marydowell63@gmail.com
Avoiding scams and staying safe online A third of Kiwis have been affected by fraud - losing up to \$500 million each year and it's no longer just Nigerian princes who are after our money. This topic covers the most common scams and cybercrime and gives you practical tips to avoid them and keep your money safe. This session is being run by WestPac . There will be a chance for questions.	11th Sept	Wednesday 9.30-11.30	\$5 members \$10 non-members	Muriel Moran 0273 269 713 murielmoran@gmail.com
DNA Testing for Genealogy Every genealogist has "tools" to help them discover their family ancestry. It could be pieces of paper such as birth, death or marriage certificates or tapping into a relative's box of mementoes and photographs. Using genetics for genealogical purposes is also a tool but unlike the information frequently given on some certificates, it never lies. Those interested will most likely be genealogists who are having difficulty with a "brick wall" in their study of their 'Family Tree'. <i>The first 2 week course will familiarise attendees with what DNA testing means.</i>	16th & 23rd August [*continuing on 30th, 6th, 13th, 20th Sept]	Friday 9.30-11.30 2 weeks Or 6 weeks	\$10 members \$20 non-members [*a further \$20 members \$40 non-members]	Gail Riddell 0274 777 033 riddeldna@gmail.com
Exploring Countries & Cultures: NUIE Come & hear about Allan & Trudy's time living on the island of Nuie for 20 years.
